

Insurance for gymnastics associations

To You Who Represent a Club

For clubs that belong to the Gymnastics Federation, there are various insurance options available. All of these are voluntary and are not automatically included. Since individual gymnasts cannot purchase these insurances, it is important for the gymnastics club to understand what they entail, as well as their own insurance situation. There are four different accident insurances and one insurance for the club's property.

Basic Insurance

The basic insurance is a voluntary accident insurance that applies to gymnasts in clubs that have chosen to purchase the insurance. It covers all gymnastics training for children, youth, and recreational athletes, as well as travel to and from such activities.

To think of

It is always the club that must purchase the Basic Insurance for its gymnasts.

Training Insurance

The insurance is mandatory for all gymnasts who perform free rotations around the transverse axis (regardless of equipment). The insurance amount for injuries leading to reduced body function is higher than in the basic insurance.

Competition Insurance

The insurance is mandatory for all gymnasts who participate in competitions with gymnasts from other clubs where evaluation takes place. In the competition insurance, the insurance amount for injuries leading to reduced body function is also substantial.

Short-Term Insurance

The short-term insurance is designed for temporary sports activities or events organized by the club. It is an accident insurance that applies for up to seven days and is purchased by the club. The short-term insurance applies with the same scope as the basic insurance. The insurance can be extended to also cover free rotations around the transverse axis.

Equipment Insurance

A club can also choose to insure its equipment with comprehensive coverage. This means that compensation is provided for sudden and unforeseen damage to or loss of the insured property. Examples of equipment include mats, trampolines, and springboards. The equipment is also insured during transport to and from a competition.

Costs

Indicated per insurance year.

- **Basic Insurance**
7.50 SEK per gymnast up to 15 years.
15 SEK per gymnast who is 15 years and older.
- **Training Insurance**
